

Hi there, I'm Imran,

"Like a lot of guys I'd got to the point where I'd grown beyond wanting to live with my parents and being told what to do all the time. But it wasn't until I first went to TCCP's respite care I realised that I could leave home and be independent. My

mum was really sad. She thought she'd never see me again. But I often go home to see everyone and we all get along a lot better now.

I love living independently because I can do whatever I want and go wherever I want using wheelchair taxis. Since coming to live at The Centre's Community Home at Edale Way, I've made a lot of new friends that I enjoy spending time with. My mate Adam and I teamed up for the Wheelie Big Challenge. We made our own T-shirts and called ourselves the 'Wheelchair Bandits!' It was a lot of fun.

Imran presents members of the Lions Club of Morley with a Certificate to thank them for funding his computer

please continue over

CP Tech helps me keep my power wheelchair running. It's like having my own car. Without it I just couldn't go out and do the things I do.

I can't wait to have my phone fitted to my wheelchair. I'm going to do everything I can to help raise the \$3,000 needed because it will make a huge difference to my life. There's just no limit to what I can do with my computer and phone. Who knows, maybe I'll have my own IT business one day!

I'm really glad to be part of the CP Week **'You Be the Difference Campaign'** I want to show people I'm just like any able bodied person, who wants to be in charge of their own life."

All the best,

Imran
